EMPOWERING YOUNG WOMEN

AVAILABLE AUGUST 31–DECEMBER 27, 2019.

Tupperware has been in the business of empowering women for more than 70 years, so we're thrilled to partner with **Girls on the Run**. This positive youth development program encourages inclusivity, health, and confidence through noncompetitive running.

[did you know]

Girls on the Run works with over **200,000 girls annually** with the help of 100,000 volunteers.

LOVE IT.

"I've coached my daughter's **Girls on the Run** team for four seasons. The program gives girls a safe community to build confidence and relationships, just like **Tupperware**. It's great to see two organizations all about personal growth working together."
